Early Drop-Offs

It's not easy for busy pet parents to make time for a vet visit. That's why MVVC accepts early morning drop-offs, so you can maximize your day!

Benefits of early drop-offs:

- Convenience! Drop your pet off as early as 7:00AM, and pick him up by day's end. Same dedicated doctor services your pet would get if you were here.
- Drop-offs are popular not just for scheduled surgeries and spa days, but also for sick visits and routine exams and boosters.
- 1-on-1 doctor consult upon pickup.
- BONUS: 10%-OFF spa services when paired with an annual drop-off exam!

Call us at 512-VET-CARE for details.
Service available to established clients only.
